Humans, technologies and solutions

Listening

From advice for the best solution to support, with service incorporated...

Custom-made

Being 50% of its production, this is the big strength of Mecanumeric.

Multi-technologies

Water jet, laser or knife cutting, 3 to 5 axis HSC milling, but also manufacturer of vacuum forming machines.

100% integrated

Full control along the whole production line on a single site, from R&D to delivery at customer point.
